

# Accommodation Cost 2013/2014

As part of your visa application in your home country, you will need to provide evidence that you have sufficient funds to cover your tuition fees for the first year of study and living expenses of £5,400 for your first 12 months in the UK. Although you may be eligible to work part-time in the UK, you can not rely on these earnings as a source of income to pay for your tuition fees and living cost. The table below is a guide only based on students living in College Halls of residence. Some students live on less and some spend more depending on their life style. Students on a full time course are entitled to free healthcare under the British National Health Service.
